

BARNES & NOBLE COLLEGE MOODLE INTEGRATION

At Barnes & Noble College, our number one priority is to help drive student success. Our core responsibility remains providing students the most affordable and useful course materials they need to be successful.

Now you may add a link to the CCC Bookstore for your students directly within Moodle. We also offer a link to *FacultyEnlight*, our streamlined adoption platform. On *FacultyEnlight*, you can research course materials in one convenient location. The site also allows you to view all the formats on offer, and make an informed selection based on cost to the student.
